TERMS AND DOCUMENTS

TERMS

Exhibition center	Crocus Expo International Exhibition Center.
Organizer	SC CROCUS Krasnogorsk subsidiary Crocus Expo.
Management office	Persons authorized by the Organizer for the Event organization and holding.
Event	Any exhibition, fair, corporate, congress or any other event held by the Organizer at the Exhibition center.
Exhibitor	Any organization, individual entrepreneur or any natural person who concluded with the Organizer of the Event a space lease contract or a stand contract for participation in the Event intending to demonstrate their exhibits (goods, works, services).
Participant	Exhibitors, Builders and other persons who have contractual relations (in terms of services rendering or ordering) with the Organizer or the General Builder, as well as contractors and stand attendants attracted by the Exhibitor, promoters, advertising distributors, participants of any business events.
Builder	Any organization, individual entrepreneur or any natural person who concluded with the Exhibitor any contract for implementation of work package on exhibition stand and structures installation and equipment installation, construction debris disposal and performance of decoration works within the Exhibition area contracted by the Exhibitor.
Unequipped stand (space only)	A part of the Exhibition area of the Event contracted between the Exhibitor and the Organizer intended for installation of an exhibition stand, exhibits, exhibition and other relevant to the Event profile equipment.
Standard equipped stand	An Exhibition area contracted between the Exhibitor and the Organizer of the Event equipped with standard exhibition elements by the General Builder.
Registration fee	Compulsory for all Participants of the Event. The Registration fee will cover general advertising and information expenses, Exhibitor badges, listing in the official show e-catalogue posted on the Event website.
Overall Event period	Overall Event period contracted with the Exhibitor including installation period, the Event period and dismantling period.
Event period	Event period opened for visitors except for installation and dismantling periods.
General builder	Crocus Expo General Builder – BuildExpo Limited Liability Company.

DOCUMENTS

Services Guide	Services Guide for services provided during holding Events at Crocus Expo including the list of services and equipment and stipulating terms and costs of the rendered services and equipment.
Order forms as of the Services Guide	Set of application forms for services provided during holding Events at Crocus Expo.
General Terms of Holding Events at Crocus Expo	Contains the most significant conditions to be met by Exhibitors, Participants and Builders regarding the form and scope of submitted information, the procedure and deadlines for performing certain actions during the preparation and holding of Events.
Fire Safety Regulations	Fire safety regulations during installation (dismantling) of expositions and events holding in pavilions and outdoor areas of Crocus Expo.

BASIC RULES AND LIMITATIONS

Only company(-ies), contracted Exhibition area or stand with the Organizer of the Event and effected the payment in full, is authorized to work at the stand. Any third-party company which is located at the stand of the Exhibitor (according to the agreement), at any free stand or not equipped space without the contract with the Organizer will be removed from the Event by Crocus Expo Security service.

Only employees and official representatives of the Exhibitors are authorized to work at the stand. All stand attendants must have Exhibitor badges providing admittance to the exhibition pavilion during the Overall Event period. Badges are issued at the Service Center (Information and Services counter).

TRADE AT THE EXHIBITION

Any types of trade, catering and consumer services within the Exhibition center territory shall be verified to comply with the requirements of the current legislation and other legal acts regulating commercial activity, catering and consumer services.

PAYMENT AND PAPER WORK

All invoices shall be settled in Russian roubles in accordance with the Contract, Additional Agreements to it and/or Order-contract. The payment shall be effected to the bank account stipulated in the invoice. Should there be any invoice discrepancy inform immediately the Management office. Exhibitors shall provide their representatives with a power of attorney authorizing to execute financial documents during the Event period. For power of attorney templates please refer to the POWER OF ATTORNEY TEMPLATES section.

Applications for additional equipment and services documented at the Service Center (Information and Services counter) and Management office during the Overall Event period shall be executed against the availability and payment in full at the Information and Services counter cash register.

LIABILITY AND DAMAGE COMPENSATION

The Exhibitor shall bear material liability for any damage caused to the property of the Organizer, other Exhibitors and the General Builder (including floor, walls, pavilion pillars and standard stand equipment) and also for causing harm to the lives and health of persons, while using the exhibition space and stand, in the amount of the cost of such damage.

Any fact of damage to property shall be recorded by the relevant Property Damage Act drawn up by the Organizer or the General Builder.

If the Exhibitor refuses to sign the specified Act and if there are no motivated objections from its signing by the Exhibitor within 5 (five) office days from the date of delivery of such Act to the Exhibitor, the amount of damage shall be considered determined and confirmed by the parties.

The Exhibitor shall indemnify the Organizer for damage caused to the leased property of the Organizer, exhibition storage premises, electrical mains, technical communications in full, as well as all other losses that the Organizer may incur through the fault of the Exhibitor.

The Exhibitor shall indemnify the Organizer for the damage caused to the property of the General Builder by paying a penalty of three times the value of the property that was damaged, according to the invoice on the basis of the price list for additional equipment in the official guide of the exhibition participant.

EXPOSITION

The Exhibitor and the Builder shall meet the requirement of maximum floor load per sq m for indoor and outdoor spaces (for details please refer to the EXHIBITION HALLS TECHNICAL SPECIFICATION, PAVILION 1). In case of the load requirement breach, insufficient stability of the exhibit or a special type of its fastening, the Exhibitor shall immediately inform the Organizer about it and shall continue the works only after the Organizer's approval.

The Exhibitor shall organize and carry out the work of the exposition so that to avoid blocking visitors flow in the aisles and not to create threat or violation of the rights of other Exhibitors and visitors.

OFFICIAL GUIDE OF THE EXHIBITION PARTICIPANT

Any promotional activity or demonstration leading to blocking visitors flow in the aisles or impeding access to the next stands shall be suspended for a period of time advised by the Management office. To ensure safety and comfort of visitors watching the promotional activity or demonstration the Exhibitors shall provide a sufficient space at the stand area. During the Event period and in the course of promotional actions and other events with the use of audio and video appliances the level of noise should not exceed 75 dB. Employees of Technical Maintenance Service will effect measurements of the noise level. In case of complaints on high level of noise claimed by other Exhibitors the Organizer will express oral notification and after further violation the Organizer reserves the right to disconnect the source of noise in accordance with oral and/or written instruction.

Presentation, audiovisual equipment of the Participants is allowed for use during the Event only after accreditation of the equipment at the General Builder Technical Documentation Control department.

The Organizer of the Event reserves the right to forbid the Exhibitor to display exhibits which might be hazardous to public, do not conform to the subject of the Event or do not belong to the Exhibitor.

If a stand remains vacant after the period provided for the exposition installation the Organizer shall be entitled to use the unclaimed area at his discretion.

EXPOSITION INSTALLATION

Exhibits delivery to the stand shall be made via loading gates located in the Material Handling area (access by passes for transportation vehicles).

The exhibition stand installation is allowed within the space contracted by the Exhibitor. Aisles between the stands shall be kept clear of equipment, empties and construction debris. When carrying out painting works the floor and the walls of the building adjoining the stand surfaces have to be covered reliably by a polyethylene film or other protective materials.

On the last day of installation works and before the beginning of the Concluding cleaning the Exhibitor shall:

- clear the aisles of equipment, empties and products which are not subject to utilization;
- remove all empties, packaging and construction debris from the exhibition hall;
- remove building materials, structures and large-sized debris from the Exhibition Center at the expense of the Exhibitor or its Builder;
- after the beginning of the Concluding cleaning it is not allowed to put debris into the aisles;
- aisles blocking between the stands is prohibited.

All persons within the Exhibition area during installation and dismantling works shall use protective helmets, as well as other personal protective equipment necessary for the performance of specific types of work.

Access to the Exhibition area during installation and dismantling works is prohibited to persons under 18 years of age.

The use of personal mobility equipment on the Exhibition area during installation and dismantling periods is prohibited.

EXPOSITION DISMANTLING

The dismantling works and exhibits move out shall not begin before the official closing of the Event period. Dismantling period is specified in the DETAILED EXHIBITION TIME SCHEDULE. The Organizer reserves the right to refuse move out of exhibits from the Exhibition site before the authorized dismantling period.

The Exhibitor shall undertake to vacate and to return the leased indoor and outdoor stand area in the condition as received at own expense no later than the expiration of their lease period.

EXTENSION OF INSTALLATION/DISMANTLING PERIODS

The Exhibitor/Builder is allowed to use the Exhibition area overtime prior to and after the end of the Overall Event period in coordination with the Organizer should there be such a possibility. The Overtime use of the Exhibition area is allowed under the Overtime use terms specified in section 5 of the Services Guide if not otherwise stipulated by the Contract.

When ordering the Overtime use of the Exhibition area prior to the Overall Event period, the Exhibitor shall provide the period necessary for the General Builder to mark the Exhibition area.

OFFICIAL GUIDE OF THE EXHIBITION PARTICIPANT

Overtime use of the Exhibition area during the Overall Event period shall be registered by the Service Center (Information and Services counter) up to 18:00 of the day of the overtime use of the Exhibition area.

In case of Overtime use of the Exhibition area for installation works in the period from 20:00 on the last day of installation to 08:00 on the first day of the Event period, the tariff is subject to 100% surcharge.

In case of Overtime use of the Exhibition area during the Overall Event period at nighttime (from 20:00 to 08:00), Crocus Expo provides a set of measures aimed at observing public order when performing work at the specified time. In this case, the Organizer, Exhibitor or Builder shall pay for all related costs.

Move in or move out of cargo to or from the Exhibition area at Overtime use of the Exhibition area at nighttime (from 20:00 to 08:00) shall be approved by Crocus Expo. In this case, the Organizer, Exhibitor or Builder shall pay for all related costs.

The Exhibitor shall provide the presence of the authorized representative on site and any other attendants responsible for compliance with the safety rules of the companies carrying out the works.

SECURITY

The exhibition Organizer provides round-the-clock security for the Event venue, but does not provide security for the exhibits. The security guards are located at the entrance to the Exhibition hall and at loading gates. The Event Organizer does not bear responsibility for the safety of the exhibits.

The Organizer provides the overnight security during the Overall Event period ensuring integrity of exhibition halls perimeter and seals located at entrances to exhibition halls and loading gates of the Exhibition center.

ADVERTISING MATERIALS

It is strongly prohibited to place advertising materials related to other exhibition events, goods and services provided by companies not participating in the Event.

If the above mentioned condition is violated the Organizer reserves the right to apply fine sanctions including the stand shut down. In that case neither compensation will be paid nor funds paid by the Exhibitor to the Organizer for participation in the Event will be returned.

The Exhibitor is allowed to distribute advertising materials outside the contracted space only if approved by the Management office. All other types of advertising activity both within the bounds of the Event and outside the Event grounds (registration halls, passageways, outdoor area etc.) are permitted only upon approval by the Management office and the Advertising and Information department.

CATERING

Attracting to other organizations for catering services and/or food sales shall be approved by the Organizer. In this case the Participant shall complete FORM 3 CATERING APPROVAL and submit it to the Organizer.

Backstage Catering and Sucre are official Crocus Expo partners for holding banquets, stand parties, coffee breaks and catering services at stands.

LABOUR SAFETY AND FIRE SAFETY RULES AND REGULATIONS

The obligation for the strict observance by the contracted builder of all regulations regarding labour safety and fire safety measures is the essential condition for the Exhibitor's participation in the Event. The Exhibitor's representatives bear full responsibility for observance of the requirements. Failure to meet the requirements can entail unilateral cancellation of the Contract by the Organizer.

The funds paid by the Exhibitor shall not be returned.

For detailed information about fire safety measures during installation/dismantling of expositions and holding exhibition events in the Crocus Expo pavilions and on the outdoor areas please refer to the Fire safety regulation during installation (dismantling) of expositions and events holding in pavilions and outdoor areas of Crocus Expo. The document is available on the exhibition website.

All types of engineering support (electrical works, connection to water and compressed air mains) are performed only by the General Builder specialists.

At the Exhibition center premises it is strongly prohibited to:

 carry out hot works (welding, soldering, metal cutting and etc.) without approval by the Fire Safety Service;

block access to automatic fire alarm systems, indoor fire hydrants and fire extinguishers;

store combustible waste and empties (disposable empties are to be utilized, reusable empties are to be stored in the warehouse);

demonstrate exhibits applying open flame;

damage sprinkler distributors of the automatic fire prevention system, smoke and manual fire indicators, light indicators of evacuation directions, warning system loudspeakers, SC CROCUS Fire Safety Department's operator feedback device (phone);

use paints, lacquers, adhesive and other coatings for floor, walls and pillars of the building, standard stand equipment and asphalt pavement;

apply flammable stand construction materials not treated by fire retarding composition;

install and use tanks with fuel gases;

use pressure tanks without engineering certification;

use woodworking tools and orbital sanders not equipped with dust extraction bags;

change electrical circuit scheme during exhibition holding without approval, apply undeclared extra electrical appliances;

apply household electric extension cords, non-standard (home produced) electric appliances;

install projectors and border lights within 0,3 m to flammable constructions and sprinkler system distributors, wrap electric lamps in paper, textile or other flammable materials;

apply organic glass, polystyrene and other flammable materials for lamp diffusers;

fix stand elements to steel structures and wall panels with the use of hardware and adhesive tape. Fix stand elements to floor (asphalt pavement) with the use of anchor bolts;

Install construction structures within immediate proximity to stationary electric cabinets, fire cabinets, telecommunication cabinets and other engineering facilities;

independent connection to electric, water supply and compressed air mains;

independently turn on water and compressed air taps and electricity at distributing switchboards;

move, open, disassemble stationary and movable electric switchboards and connect to electric appliances without permission.

Smoking in exhibition halls and within the exposition site is strictly prohibited. Smoking is only allowed in specially designated and equipped areas located no closer than 15 m from the entrances to pavilions and buildings.

OFFICIAL GUIDE OF THE EXHIBITION PARTICIPANT

DETAILED EXHIBITION TIME SCHEDULE

INSTALLATION

February 23	MO	10:00 – 20:00	Stands installation (space only stands and standard equipped stands) ^{1,2}
February 24	TU	08:00 – 20:00	Stands installation (space only stands and standard equipped stands) ^{1,2}
		08:00 – 20:00	Stands installation ^{1,2}
		08:00 – 16:00	Exhibits and equipment move in ^{1,2,7}
February 25	WE	16:00	Cargo (exhibits) to be delivered and unpacked ⁷
		16:00 – 20:00	Concluding cleaning of aisles. All installation works are allowed only within space contracted, it is not allowed to place garbage in the aisles ^{1,2,3,6}
February 26	TH	08:00 – 10:00	Additional move in of exhibits and equipment (to be approved in advance by the Management office) ⁷
		10:00	All stands to be ready and cleaned including equipped space

EXHIBITION OPENING HOURS

February 26	TH	08:00 – 20:00	Pavilion opening hours ^{4,7}
		10:00 – 18:30	Exhibition opening hours for visitors
February 27	FR	08:00 – 20:00	Pavilion opening hours ^{4, 7}
		10:00 – 18:30	Exhibition opening hours for visitors
February 28	SA	08:00 – 20:00	Pavilion opening hours ^{4, 7}
		10:00 – 18:30	Exhibition opening hours for visitors
March 1	SU	08:00 – 20:00	Pavilion opening hours ^{4, 7}
		10:00 – 16:00	Exhibition opening hours for visitors

DISMANTLING

March 1	SU	16:00 – 19:30	Entry of vehicles into the Material Handling area for exhibits and equipment move out ¹
		20:00	Equipped space to be vacated ⁵
March 2	MO	08:00 – 20:00	Stands dismantling ¹
		08:00 – 20:00	Stands dismantling ¹
March 3	TU	20:00	Exhibition halls to be vacated, stands equipment and structures to be dismantled and removed ^{1,5,6}

1 For information regarding possibility and cost of the installation/dismantling period extension please refer to the Management office.

2 Terms for bulky and heavy equipment and exhibits installation shall be agreed with the Management office in advance.

3 Any stand not occupied by 20:00 February 25, 2026 shall be deemed vacant. Please inform in writing if you cannot occupy your stand by this time.

4 Admittance to the pavilion only by Exhibitor badges. It is prohibited to carry out installation works at stands, installation passes are invalid.

5 All exhibits and equipment shall be moved out. Otherwise the Exhibitor shall bear further responsibility for their undamaged state (or full utilization of disposable structures).

6 All construction materials, structures and large garbage shall be removed from the Exhibition center territory at the expense of the Exhibitor or his Builder. If necessary Builders/Exhibitors shall order utilization of garbage into garbage containers in advance. Failure to comply with the regulation involves penalties to the Exhibitor or his Builder (refer to General Terms of Holding Events at Crocus Expo).

7 Exhibitor shall bear responsibility for the safety of exhibits and equipment at the stand during his presence at the exhibition.

Exhibitors are allowed in the exhibition halls only till 20:00.

Admittance to the exhibition halls via entrance groups is allowed till 19:45.

From 19:45 to 20:00 entrance groups shall be available only for exit from the exhibition hall.

Loading gates to the exhibition halls are closed at 19:45.

Vehicles admittance to the Materials Handling area is allowed till 19:30.

OFFICIAL GUIDE OF THE EXHIBITION PARTICIPANT
EXHIBITION HALLS TECHNICAL SPECIFICATION,
PAVILION 1

For configuration, sizes and applicable restrictions related to buildup, height under balconies and passageways, location and dimensions of loading gates and folding gates between halls, dimensions of loading gates and location of access hatches please refer to halls layouts and other documents received from the General Builder.

The General Builder carries out installation of standard equipped stands.

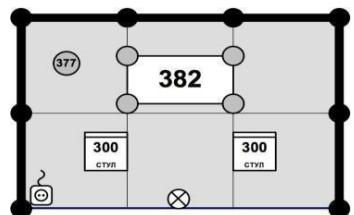

STANDARD EQUIPPED STAND is a space equipped with standard exhibition structures of light aluminum structures and plastic panels on carpet flooring. The stand includes a standard set of furniture, electrical equipment and fascia with company name in accordance with approved specification and contracted space (refer to APPENDIX 2). There are stand samples available in the Appendix; however the Exhibitor can design the stand layout placing walls and furniture at his discretion.

The exhibitor can order additional equipment (refer to APPENDIX 1) alongside with the standard set.

The Exhibitor shall submit completed FORMS 1 and 2 (STANDARD EQUIPPED STAND LAYOUT and ADDITIONAL EQUIPMENT FOR STANDARD EQUIPPED STAND). Please refer to APPENDIXES 1 and 2 when completing the forms.

FORM 1 COMPLETION RULES

Draw the layout of your stand in accordance with the contracted space (relevant proportions taken into consideration). Indicate open sides and equipment to be installed (including additional equipment ordered by FORM 2). Indicate also separately located elements (walls, furniture, plug sockets, lamps etc.). Do not indicate your exhibits!

Equipment included into the cost of the standard equipped stand is specified in APPENDIX 2 – STANDARD EQUIPPED STANDS SPECIFICATION. Please note that standard equipped stand packaging is invariable. Should you need additional equipment please complete FORM 2. The list and cost of additional equipment is specified in APPENDIX 1.

If there is no FORM 1 submitted, the stand will be built up from a set of standard equipment as indicated in standard equipped stand samples. In case of a corner configuration of the stand and absence of additional indications of the Exhibitor there will be no wall panels installed on open sides. Please contact the Management office if ordered equipment is missing.

NOTE! Exhibitors booked STANDARD EQUIPPED STAND cannot change the space application to UNEQUIPPED STAND (space only) starting from January 29, 2026.

The Exhibitor shall deposit and receive at the General Builder representative keys for doors of the stand office and locks with keys for showcases (if ordered) on the last day of the installation period.

Equipment not indicated on the layout **will not be provided!**

It is forbidden to use elements (units) of furniture that are not exhibits of the Event Participant.

Stands installed and decorated by the General Builder are not subject to any independent changes, full or partial dismantling works by the Exhibitor. The Exhibitor shall not be authorized to make changes of structures and electric equipment of the stand.

In case of damage to the equipment of the standard stand, the Exhibitor shall pay the Organizer a fine of three times the value of the property (standard stand equipment).

OFFICIAL GUIDE OF THE EXHIBITION PARTICIPANT
TECHNICAL REQUIREMENTS TO STANDARD EQUIPPED STAND DECORATION

It is prohibited to place inscriptions, logos, and graphics on the reverse side of the wall panels which are located on/about stand boundaries and are facing other stands.

Exhibits shall be placed within the contracted space. No part of the stand structure (including lamps, flags, decorative elements, exposition etc.) shall exceed the boundaries of the contracted space including vertical stand side.

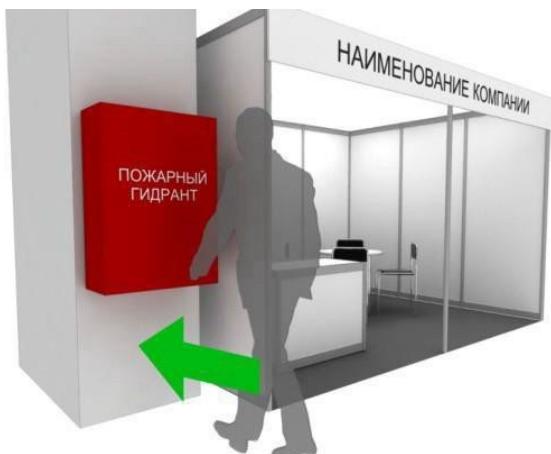

The sides of the stand that are open cannot be independently blocked by the Exhibitor with walls.

It is not allowed to block aisles between stands and to place materials, equipment and personal items at the stands of other Participants.

It is prohibited to fix exhibits and decoration elements to electric equipment, lamps and other equipment installed on the stand and not intended for these purposes.

The following should be provided: free access to cabinets (indoor fire hydrants, electricity cabinets and telecommunication switchboards) located on pillars and walls; free access to emergency exits.

It is prohibited:

- to make unauthorized pasting of wall panels, to use adhesive tape and other self-adhesive materials when decorating wall panels with information and advertising production;
- to use staplers for fastening of advertising and other materials;
- to perform drilling works on stand structures.

It is prohibited to perform at the stand any electric installation works not approved by the General Builder including replacement of bulbs and installation of own lighting fixtures. Installation of extra lighting or mobile structures with own electric circuits is allowed only if approved by the General Builder.

It is prohibited to use chairs as stepladders.

It is prohibited to take out equipment transferred for temporary use outside the premises.

! Installation of elements of non-standard stand structures and interior decoration which aren't exhibits inside standard modular structures (independent completion or decoration making essential impact on the standard stand structure) by the Event Participant is allowed only if approved by the General Builder after the review of engineering design documentation.

OFFICIAL GUIDE OF THE EXHIBITION PARTICIPANT

UNEQUIPPED STAND (SPACE ONLY)

The Organizer does not provide furniture and other equipment for Exhibitors renting space only stand.

The Exhibitor renting space only stand will bear responsibility for the stand construction and equipping. The design of the stand shall conform to the Event's rules and requirements and shall be agreed with the Management office and the General Builder. In case of non-compliance with the requirements the stand installation will be forbidden.

In case the Exhibitor applies to a contractor services for the stand construction and equipping and/or execution of installation and construction works by a third party, the Builder shall undergo accreditation at the General Builder. The Builder will be allowed to perform works only against the duly signed relevant contract with the General Builder.

No part of the stand structure, banners, exhibits and other equipment shall exceed the boundaries of the space contracted; otherwise the Organizer reserves the right to force the Exhibitor to dismantle these parts at his own expense.

GENERAL BUILDER SERVICES

BuildExpo LLC is the Crocus Expo official General Builder.

For detailed information about the General Builder please refer to the official website at eng.buildexpo.ru.

The price list for equipment and services rendered by the General Builder is specified in APPENDIX 1.

Applications for additional services and equipment shall be submitted before **January 29, 2026**.

Additional services, specified in applications submitted after January 21, 2026, are provided if technically possible with an increase in prices by 50 % of the original cost specified herein.

WHEN ORDERING A STANDARD EQUIPPED STAND

The General Builder renders the service of standard equipped stand construction. For detailed information please refer to STANDARD EQUIPPED STAND section.

WHEN ORDERING A SPACE ONLY STAND

In case of renting the space only stand the Exhibitor can apply to the services of the General Builder or the services of a contracted builder only after accreditation of the latter at the General Builder Technical Documentation Control department. For detailed information please refer to UNEQUIPPED STAND (space only) section.

CONNECTION TO ELECTRICITY, WATER AND COMPRESSED AIR MAINS

The General Builder provides connection of the stand to electricity mains. Independent connection to power supply mains is strictly prohibited. Power distribution board, plug sockets and wires shall be provided by the Exhibitor or by his builder. Technical and kitchen equipment of the Exhibitor will be connected to drainage system of the exhibition hall. Connection hoses, fittings shall be provided by the Exhibitor or by the stand builder.

Standard voltage provided to STANDARD EQUIPPED STAND – 220 V. Use FORM 1 to order voltage of 380 V. If your equipment operates on 110 V, you will need a voltage adaptor.

To order power supply, water and compressed air please complete the application form for additional equipment for standard equipped stand (FORM 2) and indicate their location with relevant indications on the stand layout (FORM 1).

AUDIOVISUAL EQUIPMENT

The General Builder leases all the necessary audio, video, sound, projection and presentation equipment, including LED screens, plasma panels, seamless panels, equipment for simultaneous translation, conference systems, video projectors, laptops, etc.

The use of own devices and audiovisual devices is allowed only after the equipment is accredited by the General Builder.

AUDIOVISUAL EQUIPMENT APPROVAL

Audiovisual equipment subject to inspection:

- LCD/Plasma panels from 28"
- Projection equipment.
- Sound reinforcement kits starting at 150W. (to be approved as one piece of equipment).
- Video walls (ORION, LED screens, etc.).

If the audiovisual equipment belongs to the Exhibitor, approval is provided free of charge (provided there are supporting documents available).

For audiovisual equipment approval, please contact BuildExpo LLC TECHNICAL DOCUMENTATION CONTROL DEPARTMENT.

Pavilion 1, office 119

Opening hours: from 10:00 to 17:00

Phone: +7(495) 727-2671

Email: ingener@buildexpo.ru

SUSPENDED STRUCTURES PLACEMENT

The plan of works on suspension and removal of light structures at height specifying weight of the suspended structure and points of suspension is executed by the Builder and will be coordinated with the General Builder and Crocus Expo Maintenance Service.

The cost of suspension works includes suspension and removal of structures. The suspension works are executed during installation and dismantling periods of the Event. The suspension works are not executed during the Event period. When works are executed within the period from 20:00 to 08:00 their cost is subject to 100% surcharge.

ADDITIONAL SERVICES AND EQUIPMENT

For the full list of rendered services and additional equipment during the Event holding in the Exhibition center please refer to the Services Guide. The Services Guide is available on the Exhibition website.

Services are ordered based on applications specified in the Services Guide.

ATTENTION! Deadline for applications is January 29, 2026.

If a service application is submitted later than 5 (five) office days prior to the start of the Overall Event period, the service is subject to 50% surcharge, unless otherwise provided in the relevant section of the Services Guide.

DELIVERY OF FOREIGN CARGO AND CUSTOMS SERVICES

Forwarding and customs services for foreign cargoes handling and handling services for all cargoes for Exhibitors who are not residents of the Russian Federation are provided by the Crocus Expo Official Forwarding Agent and the Official Customs Broker.

The full list of international freight forwarders, which are official partners of the Exhibition Center and admitted to work on its territory, is available on the Crocus Expo website.

HANDLING OPERATIONS

The Crocus Expo Department of transport and logistics renders a wide range of services related to loading and unloading works, hoisting and rigging works with application of the most modern hoisting equipment. Services rendered to the Participants: loading and unloading works, installation and dismantling works with the use of lifting mechanisms, rental of lifting and transport mechanisms, organization of temporary transport parking lots. All types of loading and unloading operations on the territory of the Exhibition center are carried out exclusively by the Exhibition center staff. Use of own lifting mechanisms is not allowed.

When ordering loading and unloading services at the Transportation and Logistics department (truck cargoes, container consignment), entry into the Material Handling area is provided free of charge and is valid for one-time use for the duration of the work. The pass is issued on the day of work when the vehicle is located on the territory of the Crocus City Trade and Exhibition Complex.

Standard periods of time for a vehicle stay in the Material Handling area:

car – 1 hour;
truck – 2 hours;
car with a trailer – 2 hours.

For every started 30 minutes that exceed the standard period, an additional fee of 2,000 rubles is charged.

ADVERTISING MATERIALS

There are various advertising activities available for the Participants of the Event. They significantly improve the commercial effect of participation in the exhibition and the post show results being a source of additional information for visitors: navigation to stands, distribution of advertising products, invitations to business events, seminars or master classes, announcement of promotions and many other things. The full list of advertising opportunities with the detailed description is available on the website at www.crocus-expo.ru.

Participants of the Event is offered a **free service of news posting** on the official website of the exhibition and in its telegram channel.

Participants have to prepare materials for publication and send the to the Organizes: news, logos, photos, advertising banners. Advertising should relate to the direct participation of the company in the event (about exhibits, new products, promotions, activities for visitors, etc.)

Requirements for photo materials: JPEG, at least 600x400 pixels, 150-300 dpi;

Requirements for images: 1000x1000 pixels (optimal).

SECURITY

The Participant can order extra individual stand guards both during the Event period and in overtime. A separate contract application on the basis of the contract assignment concluded between Crocus Expo and the security organizations is signed when ordering the service. Payment shall be effected in cash or to the Crocus Expo account.

Security services on the territory of the Exhibition center can be ordered only at Crocus Expo. Security services are rendered by the security organizations licensed for implementation of security activity and accredited at Crocus Expo.

STAND CLEANING

Any works on cleaning in the Exhibition Center should be carried out only by the Administrative department of Crocus Expo directly or through accredited companies, except for the works related to cleaning, rubbing, and polishing of exhibit items.

One time cleaning of stand includes vacuum cleaning of carpeting or wet cleaning (parquet, laminated flooring), emptying of waste baskets.

ACCESS TO THE EXHIBITION SITE

EXHIBITOR BADGES

Exhibitor badge provides admittance to the Event grounds during the Overall Event period including installation and dismantling periods.

The quantity of Exhibitor badges issued at the Service Center (Information and Services counter) is calculated based on 1 badge for every 5 sq m of stand space contracted.

The Participant's representative shall present the power of attorney to receive Exhibitor badges. For the power of attorney template please refer to the POWER OF ATTORNEY TEMPLATES section.

PASSES FOR BUILDERS AND STAND ATTENDANTS

Builder passes are required **for installers and exhibition equipment setters** for admittance to the Event site during installation and dismantling periods.

Builders receive builder passes at the General Builder Technical Documentation Control department on the basis of submitted lists only after the accreditation process has been completed.

PROCEDURE OF EXHIBITS AND EQUIPMENT MOVE-IN AND MOVE-OUT

TRUCKS ENTRY AND EXIT THROUGH CROCUS CITY ARCHWAY
IS STRICTLY PROHIBITED!

After entering the Crocus Expo territory the drivers of freight vehicles with exhibits and equipment shall park their vehicles on the free parking lot opposite the pavilions or in the designated temporary parking lot following instructions of the Traffic Management department until the drivers receive vehicle passes.

Entry to the Material Handling area is allowed only by pass.

The pass is issued for one vehicle and provides the right to a single entry for self-loading or unloading to/from a certain type of vehicle during the installation or dismantling of the Event in accordance with standard time periods.

The Procedure of Equipment and Exhibits Move in and Move out and the template of the LETTER FOR EQUIPMENT AND EXHIBITS MOVE IN AND MOVE OUT are posted on the official website of the International exhibition of boats and yachts Moscow Boat Show.

To move in equipment and exhibits it is necessary to:

- for cash payment: submit application for a pass directly at the Services and Information counter. The pass to the Material Handling area can be obtained only on the basis of a completed and approved LETTER FOR EXHIBITS AND EQUIPMENT MOVE IN AND MOVE OUT at the Services Centre:
- at the Information and Services counter;
- by e-mail.

OFFICIAL GUIDE OF THE EXHIBITION PARTICIPANT

Printed passes or passes on a smart device are required for admission to the Material Handling area.

Restoration of the pass to the Material Handling area (for the same type of the vehicle) shall be made provided that the pass hasn't been used. To restore the pass, a corresponding application shall be submitted to the Service Centre (Information and Services counter) indicating the pass number.

The pass cannot be returned.

To move in equipment and exhibits it is necessary to:

- complete the LETTER FOR EXHIBITS AND EQUIPMENT MOVE IN AND MOVE OUT with a detailed description of the equipment and materials on the company's letterhead with the signature and seal of the CEO.
- get approval on the LETTER FOR EXHIBITS AND EQUIPMENT MOVE IN AND MOVE OUT at the Exhibition Management office (the Letter to be marked appropriately). It will be possible only in the absence of arrears in payment and submission of the originals of all documents for participation in the Event (contract, appendices, applications, powers of attorney, etc.)
- send the LETTER FOR EXHIBITS AND EQUIPMENT MOVE IN AND MOVE OUT duly approved by the Exhibition Management office to the Services Centre by e-mail or present personally at the Information and Services counter.
- print out in three copies the LETTER FOR EXHIBITS AND EQUIPMENT MOVE IN AND MOVE OUT documented by e-mail.

ATTENTION!

The procedure of getting approval for audiovisual equipment at the BuildExpo LLC Engineering department is required if you intend to move in audiovisual equipment (refer to SECTION AUDIOVISUAL EQUIPMENT APPROVAL).

Passes purchase rules for foreigners (non-residents):

Freight forwarding and customs services for handling foreign cargoes, and services for handling all cargoes for Exhibitors who are not residents of the Russian Federation and the EAEU Customs Union countries, are provided by Official Freight Forwarders and the Crocus Expo Official Customs Broker.

The full list of international freight forwarders who are official partners of the Exhibition Center and allowed to work on its territory is posted on the Crocus Expo official website in the Services section.

To move in equipment and exhibits it is necessary to:

- complete the Letter for move in/move out with a detailed description of the equipment and materials on the company's letterhead with the signature and seal of the CEO.
- get approval on the Letter for move in/move out at the Exhibition Management office (the Letter to be marked appropriately). It will be possible only in the absence of arrears in payment and submission of the originals of all documents for participation in the Event (contract, appendices, applications, powers of attorney, etc.)
- get approval on the Letter for move in/move out at the Transportation and Logistics department (the Letter to be marked appropriately).
- send the approved Letter for move in/move out to the Services Centre by e-mail or present personally at the Information and Services counter.
- pay for and obtain the pass to the Material Handling area at the Services Centre (Information and Services counter).

Transport and logistics department: Trans@crocus-expo.ru

Service Centre: Service@crocus-expo.ru

ATTENTION!

The procedure of getting approval for audiovisual equipment at the BuildExpo LLC Engineering department is required if you intend to move in audiovisual equipment (refer to the section AUDIOVISUAL EQUIPMENT APPROVAL).

ENTRY RULES AND HAND CARRIED LUGGAGE

When passing through the **central entrances and metal detectors** into the Crocus Expo **permitted to carry hand luggage** (weight maximum 20 kg, dimension maximum 60x60x60 cm).

Hand luggage includes:

- handbags,
- briefcases,
- suitcases, backpacks,
- outerwear,
- strollers.

Items not related to hand luggage are permitted to be moved in only **through the loading gates at the Material Handling area (admission to the Material Handling area is permitted only by vehicles with passes)**.

Items not related to hand carried luggage:

- equipment of any kind and purpose;
- furniture and components;
- boxes; packaging materials;
- items and materials for decoration (banners, posters, balloons, plants, etc.);
- advertising structures;
- exhibits of any size, quantity and type of packaging.

226.	Fence post with exhaust belt	-	5232
227.	Counter for the opening ceremony (2 pcs)	-	9842
228.	Marking of exhibition area (day, from 8:00 am to 8:00 pm)	-	16
229.	Marking of exhibition area (night, from 8:00 pm to 8:00 am)	-	31
230.	Marking of exhibition area (out of the pavillion)	-	39

EQUIPMENT FOR CONFERENCE HALLS

231.	Construction R8+ 5000×1000 H4000 with the niche for the screen 4500×2500, with banner on the façade	-	419047
232.	Construction R8+ 4000×1000 H3000 with the niche for the screen 3500×2000, with banner on the façade	-	335238
233.	Wall section H4000 (façade and back sides), with banner on the façade, per 1 lm	-	37070
234.	Wall section H3000 (façade and back sides), with banner on the facade, per 1 lm	-	33524
235.	Last wall section H4000 (façade, lateral, back sides, with door), with banner on the facade	-	62857
236.	Last wall section H3000 (façade, lateral, back sides, with door), with banner on the facade	-	50286
237.	Last wall section H4000 (façade, lateral, back sides), with banner on the facade	-	52381
238.	Last wall section H3000 (façade, lateral, back sides), with banner on the facade	-	41905
239.	Box for prompter 1040×450, for TV 40", chipboard, with pasting by film Oracal	-	13591
240.	Box for speaker 600×300 H330, chipboard, with pasting by film Oracal	-	9060
241.	Speaker's cabinet 500×300 H650 (laminated chipboard)	-	7928
242.	Speakes's tribune 450×480 H1200	-	14950
243.	Metal frame suspended 2500×1500 with banners on 2 sides	-	34109

MATERIALS FOR NON-STANDART CONSTRUCTIONS

244.	Polystyrene (3 mm), per 1 sq.m	-	5175
245.	PVC (3 mm), per 1 sq.m	-	3505
246.	Cellular polycarbonate (4 mm), per 1 sq.m	-	4006
247.	Plexiglas transparent (3 mm), per 1 sq.m	-	9177
248.	Plexiglas dairy (3 mm), per 1 sq.m	-	11009
249.	Plexiglas colour (3 mm), per 1 sq.m	-	14182
250.	Chipboard (16 mm), per 1 sq.m	-	4181
251.	Chipboard laminated (16 mm), per 1 sq.m	-	5398
252.	Installation of materials on mortgages at a height of up to 2.5 m. For 1 sq.m.	-	2997
253.	Installation of materials on mortgages at a height from 2.5 m to 5 m per 1 sq.m.	-	5995
254.	Manufacturing of products or structures from materials. Price on request, from	-	11000
255.	Banner without printing, without mounting, without processing	-	1650
256.	Banner without printing, without mounting, (with grommets,pockets)	-	2255
257.	Banner grid without printing, without mounting, without processing	-	1540
258.	Banner grid without printing, without mounting (with grommets,pockets)	-	2508

OFFICIAL GUIDE OF THE EXHIBITION PARTICIPANT

OTHER

Installation of a banner/grid for only one straight surface with angles of 90 gr.:

259.	Banner installation on grommets,pockets (up to 2.5 m high), per 1 sq.m.	–	1115
260.	Banner mounting on grommets,pockets (H up to 2.5 m, mat. of the customer), per 1 sq.m.	–	2300
261.	Installation of a banner on mortgages (at a height of up to 2.5 m), per 1 sq.m.	–	1998
262.	Installation of a banner on mortgages (H up to 2.5 m, customer's material), per 1 sq.m.	–	4312
263.	Banner installation on grommets,pockets (at a height from 2.5 m to 5 m), per 1 sq.m.	–	2229
264.	Banner mounting on grommets, pockets (from 2.5 m to 5 m, mat. of the customer), per 1 sq.m.	–	4600
265.	Installation of a banner on mortgages (at a height from 2.5 m to 5 m), per 1 sq.m.	–	3997
266.	Installation of a banner on mortgages (from 2.5 m to 5 m, customer's material), per 1 sq.m.	–	8624

Installation of a banner/grid on radius and other surfaces

267.	Banner installation on grommets,pockets (up to 2.5 m high), per 1 sq.m.	–	2229
268.	Banner mounting on grommets,pockets (H up to 2.5 m, mat. of the customer), per 1 sq.m.	–	4599
269.	Installation of a banner on mortgages (at a height of up to 2.5 m), per 1 sq.m.	–	5995
270.	Installation of a banner on mortgages (H up to 2.5 m, customer's material), per 1 sq.m.	–	12935
271.	Banner installation on grommets,pockets (at a height from 2.5 m to 5 m), per 1 sq.m.	–	4457
272.	Banner mounting on grommets, pockets (from 2.5 m to 5 m, mat. of the customer), per 1 sq.m.	–	9200
273.	Installation of a banner on mortgages (at a height from 2.5 m to 5 m), per 1 sq.m.	–	11992
274.	Installation of a banner on mortgages (from 2.5 m to 5 m, customer's material), per 1 sq.m.	–	25872
275.	Chipboard mortgages, for 1 square meter (at a height of up to 2.5 m)	–	1143
276.	Chipboard mortgages, for 1 square meter (at a height of 2.5 to 5 m)	–	3430
277.	Framing the edges of the banner with a plastic corner, for 1 p.m.	–	269
278.	Wardrobe hangers, for 1 pc.	–	175
279.	Wardrobe number, for 1 pc.	–	87
280.	Protective floor covering (1.5m plywood), on request	–	

different

281.	A 500×1000 questionnaire filling stand, without a frieze panel	–	4563
282.	INFORMATION stand 500×1000 with frieze (without frieze lettering)	–	8993
283.	R8 module with integrated oven	–	29522
284.	Electric stove (2 burners)	–	16239
285.	Metal cabinet 400×800 H=2000	–	10735
286.	Pyramid construction + 30 hooks L150 (chipboard)	–	18660
287.	Glass showcase 1000×1000, H=1100 MAXIMA with chipboard lining	–	22214
288.	Information desk "Infopoint" 2500×1000 H1100	–	53477
289.	Information desk "Infopoint" 3000×1000 H1100	–	59169
